Tritsch Tratsch – “chit chat”

nickname from the Viennese Polka of Austrian composer Johann Strauss.

Tradition lives on from 1812 in Vienna when a **Society of The Friends of Music** was established. A flair for unique educational design and a passion for musical artistic

expression sparked Claudia Kargl’s urge to make a creative arts connection. A multi-faceted music-arts- culture portfolio, extensive Viennese culinary arts background with personal experience living in Austria, parental Viennese heritage and tradition were the creative ‘ingredients’ to found “A Touch of Austria” Experience in West Kelowna.

Due to popular demand and program development over the course of a few years, **Tritsch Tratsch** with hosts Claudia Kargl and Jim Gray continues to present entertaining, informative and social sessions that nurture friendships and evoke the spirit of appreciating fine music and the arts.
